Year 1 Phonics Screening Check

During Weeks 4 – 6 of Term 3 Year 1 students will be undertaking the Phonics Screening Check.

- What is the Year 1 Phonics Screening Check?

The Year 1 Phonics Screening Check is a short, quick assessment that tells teachers how your child is progressing in phonics. Your child will sit with the teacher and will be asked to read 40 words aloud. These words include 20 real words and 20 nonsense words. The test normally takes a few minutes. If your child is struggling the teacher will stop the check. The check is carefully designed not to be stressful for your child.

- What is phonics?

Phonics is the relationship between letters and sounds and is vital in learning to read. Some children struggle with learning to read so it is important that these children are identified quickly so teachers can plan for any specific support they may need.

- Why use nonsense words?

The assessment includes pseudo or nonsense words to see if the student can use their knowledge of blending to read a word rather than their memory of having seen that word before.
